UPCOMING SCHEDULE CHANGES

**Father Soler will be in Argentina starting January 19 and he will return to celebrating Mass on February 24. During that time we will have a modified schedule. Adoration & Reconciliation on Wednesday and Friday will be cancelled. Daily Mass will only be on each Wednesday.**

Veritatis Splendor, St. John Paul II

This is the reason why "the Church affirms that underlying so many changes there are some things which do not change and are ultimately founded upon Christ, who is the same yesterday and today and for ever". Christ is the "Beginning" who, having taken on human nature, definitively illumines it in its constitutive elements and in its dynamism of charity towards God and neighbour.

Certainly there is a need to seek out and to discover the most adequate formulation for universal and permanent moral norms in the light of different cultural contexts, a formulation most capable of ceaselessly expressing their historical relevance, of making them understood and of authentically interpreting their truth. This truth of the moral law — like that of the "deposit of faith" — unfolds down the centuries: the norms expressing that truth remain valid in their substance, but must be specified and determined "eodem sensu eademque sententia" in the light of historical circumstances by the Church's Magisterium, whose decision is preceded and accompanied by the work of interpretation and formulation characteristic of the reason of individual believers and of theological reflection.
